## GUIDANCE ON TRANSPORTATION OF HAZARDOUS MATERIALS IN EUROPE

The Office of Deputy Chief of Staff, Logistics, HQ USAREUR/7A, has published guidance on the policy and procedures for transporting DOD hazardous material and hazardous waste by surface (road, rail, and to and from water and aerial ports) throughout the area of applicability of—

➤The *Accord Européen relatif au Transport International des Marchandises dangereuses par Route (ADR)* (European Agreement Concerning the International Carriage of Dangerous Goods by Road).

➤The *Règlement International concernant le Transport des Marchandises dangereuses (RID)* (European Regulation Concerning the International Carriage of Dangerous Goods by Rail).

This guidance (at <https://www.dcslog.hqusareur.army.mil/plo/hazmat>) also provides specifications that vehicles must meet to be authorized to transport dangerous goods over public roads.

## JOINT TRANSPORTATION AND TRAFFIC MANAGEMENT - CENTRAL EUROPE

The Office of Deputy Chief of Staff, Logistics, HQ USAREUR/7A, has issued new guidance on joint transportation and traffic management in central Europe. This guidance is on-line at <https://www.dcslog.hqusareur.army.mil/plo/55-355%207apr.htm>. The information provided on this webpage—

➤Prescribes traffic management of DOD-sponsored passenger, freight, and unit movement to, from, within, and across the United States European Command (USEUCOM) area of responsibility (AOR).

➤Provides guidance to transportation management specialists and traffic management officers.

➤Applies to USEUCOM component commands, subordinate agents, and other DOD organizations and agencies deploying to or through, providing support to, or operating in the USEUCOM AOR, unless otherwise specified in operation plans or operation orders issued by USEUCOM.

## DISPOSITION OF UNCLASSIFIED DOD COMPUTER HARD DRIVES

The Assistant Secretary of Defense has amended policy guidance on the disposition of unclassified DOD computer hard drives. This guidance is at [http://pmscp.monmouth.army.mil/standards/hd\\_policy\\_memo.pdf](http://pmscp.monmouth.army.mil/standards/hd_policy_memo.pdf). Commands will take immediate steps to implement this guidance.

## TELECOMMUNICATIONS POLICY

### MANAGEMENT OF THE ELECTROMAGNETIC SPECTRUM

AR 5-12 governs Army-wide spectrum management. The Director of Information Systems for Command, Control, Communications, and Computers (DISC4) designates the Army Spectrum Manager, who is responsible for implementing spectrum policy and planning guidance for Army operations, training, and acquisition.

In USAREUR, the Deputy Chief of Staff, Information Management, USAREUR, provides spectrum-management oversight according to USAREUR Supplement 1 to AR 25-1.

### RADIO SYSTEM SUPPORT SERVICES

Units will identify their requirements for entry into radio networks to installation directors of information management (DOIMs). Installation radio support for host and tenant activities includes—

➤Nontactical, user-operated radio networks, systems, facilities, and equipment.

➤Information services.

Installation radio systems support services—

➤Consist of fixed, trunked, mobile, and portable radio systems.

➤Are authorized when existing information systems cannot meet mission-essential requirements.

Requirements for installation radio system support services must be justified based on operational necessities and economic analyses. Commercial, off-the-shelf equipment available under contracts negotiated by the United States Army Materiel Command will be used unless use of other equipment is justified. The availability of radio-frequency assignment will be verified before procurement action is started. All installation information-radio operations will be established and maintained according to the security requirements of AR 380-19.

In USAREUR, the Office of the Deputy Chief of Staff, Information Management, HQ USAREUR/7A, centrally performs frequency management according to USAREUR Supplement 1 to AR 25-1.

## ITM CAREER PROGRAM MANAGER SEMINARS

The DA Information Technology Management (ITM) Career Program Manager will be traveling throughout USAREUR from 20 to 24 August 2001 to conduct seminars on the new “job family” position-classification standard for administrative work in Information Technology Group Series GS-2200. This new job family establishes ITM Series GS-2210 and abolishes the Computer Specialist Series GS-0334.

Seminars will include a briefing by the DA ITM Career Program Manager and a question-and-answer session.

These seminars will provide an opportunity to learn about the changes in the job series and how the changes will affect personnel in these career fields. GS-0334 computer specialists and GS-301-I information management specialists are encouraged to attend.

More information on seminar times and locations and a registration form are available at <http://www.dcsim.hqusareur.army.mil/topics/itm>. Personnel may register on-line for the seminar of their choice.

## HOW TO USE THIS BULLETIN

HQ USAREUR/7A publishes the USAREUR Bulletin (UB) on the 1st and 15th of each month.
